

Palm Beach County WIC Breastfeeding Program

WIC

The Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) provides Federal grants to States for supplemental foods, health care referrals, and nutrition education for low-income pregnant, breastfeeding, and non-breastfeeding postpartum women, and to infants and children up to age five who are found to be at nutritional risk.

FOR WIC CLIENTS ONLY

The WIC Peer Counselors are caring mothers who have been in your shoes. They can help you with common breastfeeding concerns, getting off to a good start, and breastfeeding techniques.
